

Canopy Tour (ONE DAY)

Visit Costa Rica's safest zip-line canopy tour and effortlessly traverse the canopy and its hanging gardens under the supervision of our experienced guides. The exhilarating canopy tour takes you flying across the magnificent Molinete River several times. Walk trails lead you deep into the rainforest floor. You will be strapped in safe top-quality gear specifically designed for this canopy tour.

Constructed with twin cables and a double pulley system. All this immerse at and part of the Rain Forest Aerial Tram Park, a real sanctuary that protects the rainforest and its intense biodiversity within a 475-hectare (1,200-acre) private reserve.

The exhilarating adventure takes you flying across the magnificent Molinete river three times and walking trails lead you deep into the rainforest. Our expert naturalist guides will show you the way, helping you make the most of the adventure and unlocking the secrets of the rainforest.

Consists of 7 zip lines with 6 platforms in between the stretches which provide the possibility of admiring a 360 degree view of the surrounding forest. The first cable starts from a ground platform and stretches 80 meters across Molinete River onto a Caobilla tree platform 12 meters above ground. From here a 140 meter cable runs across the river and over an island and finalizing at the base of a ridge to a ground platform. We walk to the next cable which brings us from the ridge to the middle of a gigantic tree known as Tostado. This tree is endemic to this area and is very rare. Once atop this tree platform we transport ourselves via a 90 meter cable to another Caobilla tree located at the edge of the river. Cable brings us back to land where we follow the trail to the main road or back up to the start to do it again!

Day in the Canopy Tour
