

### **Adventure Combo (Rafting & Canopy)** **(ONE DAY)**

Costa Rica offers different kinds of white water rafting where the adrenaline shoots to the limit and fascinating Canopy tours up from the top of the trees. Now you can enjoy both activities combined in a single tour. Discover the natural wonders of Sarapiquí, a large territory located in the northern part of the country, with crystalline rivers, abundant scenic beauty and towns full of hard-working and friendly people.

As we depart from San Jose we cross the Braulio Carrillo National Park arriving to Sarapiquí. Here both adventure attractions can be enjoyed: the Canopy Tour in the middle of the forest with high altitude trees and then Rafting in the waters of the Sarapiquí River. After this you can enjoy lunch.

The Canopy tour lasts one and a half hour, because you slide through ten cables of different lengths and twelve platforms inside the forest.

Rafting on the Sarapiquí River on class II and class III rapids allows seeing a vibrant landscape for those who wish to enjoy this exciting activity. A group of unexpected rapids combined with slow relaxing stretches along 9-mile distance will make this an unforgettable experience for birdwatchers and nature lovers alike.

***Tour includes:*** Air-conditioned microbus transportation, naturalist bilingual guide, canopy, white water rafting gear, and lunch.

***What to bring:*** For the canopy: lightweight clothes, insect repellent, comfortable shoes, and an extra change of clothes.

*For the rafting: swimsuit, water shoes, towel and a change of clothes.*

Includes: transportation, guide, lunch.

**\$100 p/pax**
